

## OVERVIEW OF CURRENT RPS REZONING PROPOSALS

Richmond Public Schools is undergoing a district-wide rezoning project and your engagement is critical to a successful outcome. Please review the following proposed options for your region and share feedback on the attached thought catcher by Friday, October 11, 2019. You can also submit feedback online by visiting our website at [www.rvaschools.net/rezoning](http://www.rvaschools.net/rezoning). All feedback will be made public and forwarded to the Rezoning Advisory Committee (RAC) and School Board.

### CURRENT PROPOSALS FOR THE EASTERN REGION

#### East Elementary Option I:

- Bellevue ES is repurposed (future use TBD) and Bellevue students will attend George Mason ES.
- Some Fairfield Court ES students that live in Whitcomb Court are rezoned to George Mason ES to help relieve overcrowding at Fairfield Court and effectively utilize the newly built school's capacity.
- Chimborazo ES and Woodville ES are unaffected.

#### East Elementary Option II:

- A larger section of Whitcomb Court students currently attending Fairfield Court ES will be rezoned to George Mason ES to effectively utilize the newly built school's capacity.
- Woodville ES students in Whitcomb Court will be rezoned to Fairfield Court ES to help balance utilization.
- Bellevue ES and Chimborazo ES are unaffected.

#### North (of River) Middle School

##### Options I and II:

- All middle schools have slightly modified zones to help balance utilization.
- The zone of MLK Jr. MS no longer extends south of the river in both options.

#### North (of River) High School

##### Options I and II:

- All high schools have slightly modified zones to help balance utilization.
- For most high school zones, you will see that elementary zone adjustments align to both middle school and high school zones to provide consistent feeder patterns. Common zone lines can be seen.
- Armstrong HS extends into more area south of the river to align with feeder patterns but does not include Hillside Court as was included in prior draft options.
