

OVERVIEW OF CURRENT RPS REZONING PROPOSALS

Richmond Public Schools is undergoing a district-wide rezoning project and your engagement is critical to a successful outcome. Please review the following proposed options for your region and share feedback on the attached thought catcher by Friday, October 11, 2019. You can also submit feedback online by visiting our website at www.rvaschools.net/rezoning. All feedback will be made public and forwarded to the Rezoning Advisory Committee (RAC) and School Board.

CURRENT PROPOSALS FOR THE NORTH SIDE REGION

North Elementary Option I:

- Adjustments are made to zones between Barack Obama ES, Holton ES, and Ginter Park ES to balance building utilization and provide a better demographic balance.

North Elementary Option II:

- Barack Obama ES, Ginter Park ES, and Holton ES are paired and receive zone modifications to help balance utilization and improve the overall diversity of these schools.
- Barack Obama ES and Ginter Park ES will both be K-2nd zones, both feeding into Holton for 3-5th grade.

North Middle School Options I and II:

- All middle schools have slightly modified zones to help balance utilization.

North High School Options I and II:

- All high schools have slightly modified zones to help balance utilization.
- For most high school zones, you will see that elementary zone adjustments align to both middle school and high school zones to provide consistent feeder patterns. Common zone lines can be seen.

PLEASE SHARE YOUR FEEDBACK!

Join us for the North Side Region Public Hearing!

October 11, 2019, 6:00 - 7:30 pm
Barack Obama Elementary School:
3101 Fendall Ave, Richmond, VA 23222

All Public Hearings will also be live-streamed on the RPS Facebook page:
<https://www.facebook.com/RichmondPublicSchools/>
