# Accessing Google Meet From Your RPS Issued Tablet

① From your Google classroom page, select the **Google Meet** icon (located in the top toolbar) to join the virtual class session.

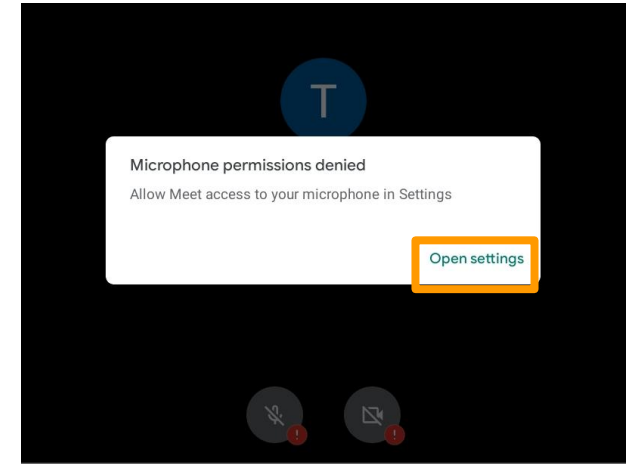

Google Meet icon

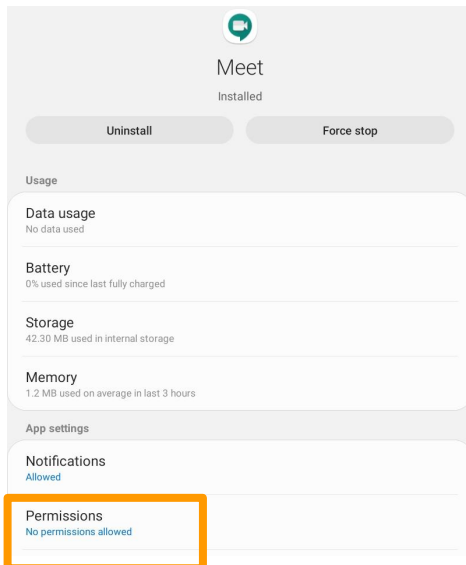

② The first time you access Google Meet from your tablet, you will need to allow the microphone and camera to be shared. Click either icon with the red error indicator.

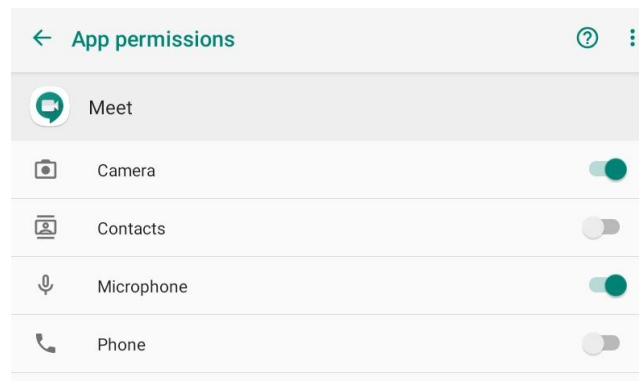

③ Click **Open Settings**.

④ From the settings menu, click **Permissions**.

⑤ Ensure the microphone and camera options are turned on.

⑥ The error indicators are removed. You will now be able to join your Meet session.
