

Greetings, New Pharaohs,

Below you will find the **updated links** for New Student Orientation. Please use this email as all links are updated. As a reminder, please have the Zoom app downloaded prior to the orientation start date. We ask that each day you log on at least five minutes before the start time to ensure your audio and camera capabilities are working. We also ask that your email be open so you can easily click on the different links as we transition to sessions. Each session will end a few minutes early to give you time to log into the next. You should have received your student group information last week. Please ensure that your scholar follows the rotation for their assigned group. Once you join the call, we will have the opening session to kickoff orientation, then scholars will rotate through sessions each day. Below you will find an overview of the orientation and Zoom links organized by day and groups.
